2013 Elected Officials Seminar

The York County Office of Emergency Management is pleased to host the 2013 Elected Officials Seminar on Saturday March 16, 2013 from 9:00 AM to 12:00 PM. This year's program features speakers from Met Ed, Columbia Gas, York Water and PennDOT discussing actions taken to prepare for and respond to disasters. Learn how these local agencies work to maintain and restore the infrastructure that could be damaged during disasters such as Tropical Storm Lee and Hurricane Sandy.

The seminar is open to elected officials, Borough, Township and City Managers, and local Emergency Management Coordinators.
